

## ZOMBIE Apocalypse Escape Training

Two Day Provider Certification Course August 27-28, 2012 at Branson Fire

**ZOMBIE Apocalypse Escape Training**- Train for what to do to escape the initial ZOMBIE attack or the "patient" who is high on bath salts or other drugs in those precious moments before Law Enforcement arrives. Come see the proven safety tactics and escape skills taught in our EVE classes.

OK, so we are not really training to escape a Zombie, but those in the medical profession understand how some "patients" who are impaired due to drugs or alcohol can attack like a flesh-eating Zombie and

attack a provider without warning.

Two courses are available the week of August 27-31, 2012.
