
Air Evac EMS, Inc., which operates Air Evac Lifeteam, is the largest independently owned and operated membership-supported air medical service in the United States, conducting its operations through 106 mutually-supporting air medical bases across 15 states. The company has established itself as the preeminent provider of air ambulance services to rural markets, serving over 1,700 diverse referral sources, including over 1,000 hospitals and 700 EMS agencies, and attracting more than 1 million members in support of its presence in their local communities.

The Company operates the world's largest fleet of more than 110 medically-equipped Bell 206 Long Ranger helicopters, along with Bell 407 helicopters. Air Evac Lifeteam also offers fixed-wing air medical services from two bases in Missouri and Kentucky. The current service area includes operations in Alabama, Arkansas, Georgia, Illinois, Indiana, Iowa, Kentucky, Louisiana, Mississippi, Missouri, Ohio, Oklahoma, Tennessee, Texas and West Virginia, with the company being the largest air ambulance provider in 8 of its 15 states.
